

Frequently Asked Questions:

Who Is Eligible To Vote In Utah? In order to vote in the State of Utah, you must be registered.

To register to vote in Utah, you must:

- Be a citizen of the United States
- Reside in Utah for at least 30 days immediately before the next election
- Be at least 18 years old on or before the next election

Am I Currently Registered To Vote?

If you are not sure you are currently registered to vote, please call the Millard County Clerk's Office at (435)743-6223, or (435)864-2440. If you are not registered to vote, please review the information below.

When Can I Register To Vote?

You may register to vote at any time. However, to be eligible to vote in an election, you *MUST* meet certain deadlines as explained in the next section.

How Do I Register To Vote?

There are several ways you can register and you can select any one method that works for you.

- **Online Registration:** You can register to vote online simply by going to the [Online Voter Registration Website](#) and completing the online form. In order to register online, you must have a current Utah Driver's License or ID Card. If you are registering online, you must submit your registration at least 15 days prior to an election to be eligible to vote in that election.
- **By-Mail Registration:** You may use a by-mail voter registration form that can be found in our office or at this link: [Mail-in Voter Registration](#). If you are registering to vote using a by-mail voter registration form, you must mail your completed registration form to the address on the form at least 30 days before the election to be eligible to vote in that election.
- **In-person Registration:** You may register in person at the Millard County Clerk's Office; 765 South Hwy 99, Ste.6, Fillmore, UT 84631. The office is open weekdays from 8:00 am to 5:00 pm and is closed on weekends and legal holidays. You must register in person at least 15 days prior to an election to be eligible to vote in that election.

To participate in early voting, you must register to vote at least 30 days before the election. [See more about early voting below].

Can I Still Vote On Election Day If I Haven't Registered To Vote By The Deadlines?

Yes! As of June 2016, you can still vote on Election Day in Millard County if you have not registered to vote prior to any of the deadlines stated above. You will need to go to the polling location in your precinct; there you will be issued a provisional ballot. To find your polling location click [here](#) or call our office (435)743-6223 or (435)864-2440. You will need to present ID and proof of residency. (Note: This change in the voter registration requirement is because Millard County is participating in a pilot project for Election Day Voter Registration, which was passed by the Legislature in 2014.)

Do I Have To Select A Political Party When I Register To Vote?

You do not have to select a political party affiliation when you register to vote. If you do not wish to affiliate with a political party, just select "no party preference" on your voter registration form.

Political parties in Utah may choose to close their primary elections (held in June of even-numbered years) and only allow those voters affiliated with their party to vote in their primary election. If you want to vote in the primary election of a party that has chosen to close their primary to voters who are not affiliated with their party, you would need to affiliate with that political party at least 30 days before the election. Note: Political parties have allowed unaffiliated voters to affiliate at the polls and participate in their closed primary elections. (Party affiliation only pertains to partisan primary races held in even-numbered years. It does not apply to non-partisan primary races.)

What Information Will I Receive After Registering To Vote?

Once you register to vote, you will be sent a Voter Information Card, which lists your precinct number and the various political jurisdictions in which you reside such as your congressional, state house and senate, county council, city council, as well as your state and local school board districts. You can check who your elected officials are by

clicking the following link: <http://vote.utah.gov/vote/>. This link will also provide you with your elected officials, a sample ballot for your precinct, help you locate a polling place or find early voting information. Your Voter Information Card is not needed in order to vote; it is for informational purposes only.

Will I Ever Need to Re-Register To Vote?

You will need to re-register to vote if you change your name, your address or you want to change your political party affiliation. You will also have to re-register if you do not vote, or make any changes to your registration within 2 general elections.

What If I Am Registered To Vote But I Moved? If you are currently registered to vote in Millard County, but you moved within the County, you would need to re-register with your new address. If you previously registered to vote in another county in the State of Utah, you will need to re-register to vote in Millard County. Please refer to the information above regarding the various methods you can use to register to vote. If you move outside of Millard County, you will need to re-register to vote in the new county or state of residency.

What If I Moved But Didn't Notify The Election Division Before The Deadline?

If you are registered to vote in Millard County, but moved within the County, you can call our office with your address change any time up through the Friday before Election Day. We can update your address in our voter records until 5:00 pm on the Friday before Election Day. If you have been previously registered to vote in the State of Utah, but did not update your address before Election Day, you may vote a provisional ballot at your new polling location on Election Day. The County Clerk's Office will verify if your provisional ballot will be counted and your voter registration will be updated.

Where Do I Vote On Election Day?

In order to vote on Election Day, you need to go to the polling location assigned to your precinct. To view your Polling Location you can go to the link on our website: [County Election Poling Places](#), or <http://vote.utah.gov/vote/>

Can I Vote In My Old Voting Precinct If I Moved? No, according to State law, you are required to vote in your new precinct when you move. Millard County is divided into many political jurisdictions and elected officials represent citizens who live within a specific area. In order to vote for the elected officials who represent you, please notify our office of your new address immediately so that we can update your address and make sure you vote in your appropriate polling location.

Can I Vote Prior To Election Day? Yes, you can vote prior to Election Day by choosing one of these three different ways:

- *Vote By Mail* - You can vote by mail at any time starting 28 days prior to Election Day; however, you must submit an application to vote by mail before a ballot will be mailed to you.
- *In-Office Voting* in the County Clerk's Office - All eligible registered voters may vote in the County Clerk's Office (Millard County Clerk's Office; 765 South Hwy 99, Ste. 6, Fillmore, UT 84631).
- *Early Voting* - You can also vote early using a touch screen device by visiting any one of the [early voting locations](#) in Millard County. In order to be eligible to vote at an early vote location, voters must be registered to vote at least 30 days prior to Election Day and provide photo identification.

Will I Need To Provide Identification To Vote At An Early Vote Location or At My Polling Location? Yes, all voters must present identification to vote at an early vote location or at their polling place. The identification must be valid and show your name and photograph, OR you may provide (2) two different documents that show your name and current address. For a list of valid voter identification, please go to [ID Requirements](#).

Why Was I Offered A Provisional Ballot? A voter may be issued and vote a provisional ballot at early voting or at his/her polling location on Election Day if the voter's eligibility cannot be immediately determined by the election worker for any one of the following reasons: The voter is not in the official register; does not have identification with him/her when voting in person; has moved, but did not change his/her address with the Election Office prior to voting; OR the voter may be listed as already voted either in early voting or by mail. The eligibility of the voter who voted a provisional ballot will be determined by the County Clerk's Office after Election Day. If the voter was eligible to vote, the provisional ballot will be counted.

Why Does My Precinct Boundary Change? State Law requires county clerks to establish precincts that contain no more than 1,250 active registered voters. As voter population and political jurisdictions change, precincts must be adjusted to best serve voters. By law, precinct boundaries can only be adjusted in odd-numbered years.

How Do Municipal Elections Differ From County Elections? Municipal elections are nonpartisan and are held in odd-numbered years to elect the city mayor and council members. These elections are the statutory responsibility of the city recorders/town clerks. Polling locations may be different than those used in even-numbered years since precincts are consolidated as a cost-saving measure. If you have any questions regarding municipal elections, please contact your [City Recorder](#). Countywide elections are held in even-numbered years and are administered by the County Clerk.
